To Whom It May Concern:

This is a letter of recommendation for Measured by Character. This program had a tremendous positive impact on our students. We had all students in grades 7 – 12 to attend the program. It impacted all grade levels. Being in education for over 20 years, I have seen many programs, but this program is on a different level.

Mr. Wade White is a powerful speaker that engages the students throughout the program. Our students were focused and engaged for the entire hour and a half program. The student body loved the powerful message of leaving a legacy and making a positive impact on the lives of others. The message also touched faculty members as well. The program allows everyone to take a look at their lives and see ways to make the changes.

I highly recommend the Measured by Character program given by Wade White. The testimonies will move you and your school. Please feel free to contact me if you have any questions.

Sincerely,

Steve Cope
Principal
Lindsay High School
